TV7616

CCTV Switching Power Supply

The CCTV switching power supply is suitable for the pan–tilt dome cameras (TV7098 and TV7099). The power supply transforms 100–240 VAC input voltage into 12 VDC output voltage with nominal current of 1.5
A.

CCTV Switching Power Supply

Technical Data	
Input voltage	100 – 240 VAC
Output voltage	12 VDC
Nominal current	1500 mA
(W x H x D)	44 x 69 x 83 mm
Weight	190 g
